Carers Leeds Emergency Card

Free peace-of-mind for unpaid carers

Many carers worry about what would happen to the person they care for if they were to have an accident themselves or were suddenly taken ill and as a result, were temporarily unable to carry out their caring role.

The Carers Leeds Emergency Card is free of charge and is designed to be kept with you at all times. In an emergency you can show someone the card so that they will know that someone else relies on you.

**Apply for your card online at:
carersleeds.org.uk/carers-leeds-emergency-card**

Please do not put Carers Leeds contact details on the card and please do not contact Carers Leeds in the event of an emergency.

As well as receiving your Carers Leeds Emergency Card you will also be added to the Carers Leeds mailing list and will receive our regular Newsletter. Please wait up to 10 working days for your application to be processed and posted to you.
